

When I Follow You

[Verse 1]

Each morning when I rise you call my name, I know your voice and I'll follow you.
Guide me in your way as I walk along, help me live for you today.

[Chorus]

On those days we walk in the valley, please Lord keep me from harm.
On those days we rest by cool water, that's the time your love makes me warm.

[Verse2]

Today was really tough Lord; it was all I could do, to walk in your footsteps as I followed you.
Guide me in your way as I walk along, help me live for you today.

[Chorus]

[Verse 3]

Somedays are bright my eyes clearly see, to walk in your footsteps as you walk with me.
Guide me in your way as I walk along, help me live for you today.

[Chorus]

[Ending]

I never really knew how sweet it could be, until the time when I followed you.
Yes, I never really knew how sweet it could be, until the time when I followed you.
